

Only from NEMCO!

EASY JUICER™

*Specially designed for commercial
foodservice use, the Easy Juicer™ is easy
to use and features rugged construction.*

EASY JUICER™

The Easy Juicer™ is designed for commercial foodservice use.

Unique features include:

- Stainless steel rack and pinion to prevent tooth chipping.
- Solid, high strength steel post for rigidity.
- Aluminium and stainless steel construction, all stainless steel fasteners.
- Easy to grip ergonomic handle is specially designed to minimize fatigue and increase leverage.
- Stainless steel pinion is supported between two, self-lubricating bronze bearings.
- Removable strainer and funnel
- Powerful: 20:1 mechanical advantage squeezes out every ounce of juice.

Built to last:

Like all Nemco products, the Easy Juicer™ is designed, engineered and built for years of reliable service. Sturdy construction holds up to the toughest day-in, day-out use.

NSF listed:

The Easy Juicer's National Sanitation Foundation Listing assures foodservice operators that the equipment is manufactured in compliance with the sanitation standards established by the NSF. These standards are both locally and internationally recognized.
